TITLE 1 INFORMATION

In accordance with new federal guidelines, we are pleased to report to parents all the teachers in our Title 1 Buildings (Munson Primary & Mulvane Grade School) have met all state qualifications and certification criteria for the grade levels and subjects taught. Under the new guidelines, parents may request information on the professional qualifications of their child's teacher. Information may include certification and state qualifications, the teacher's degree major and other degrees held, and whether their child is provided services by a paraprofessional, and if so, their qualifications. Please contact your child's Principal or the Superintendent of Schools if you should have any questions.

PTO/T.A.P.E.

(Teachers and Parents for Education)

The purpose of T.A.P.E. is to allow Principals, Teachers, and Parents to provide help, encouragement, and support for the students at Munson Primary School and Mulvane Grade School. T.A.P.E. helps students in Pre-K through 5th grade to have the best school experience possible.

T.A.P.E. serves the students and their families in a variety of ways each year. A few examples are: Wildcat T-Shirt design contest and sales, Scholastic Book Fairs, fundraising for both MPS and MGS to purchase new technology and equipment, raising funds through the General Mills Box Tops for Education Program, distributing the school directory, school yearbook and more!

If you would like to become a member, you can sign up at enrollment or at any T.A.P.E. meeting. Membership forms are also available in the office. The membership cost is free. T.A.P.E. meetings are held the first Thursday of every month in the school libraries (Sept.-Dec. at MPS and Jan.-Jun. at the MGS. Find out more about T.A.P.E. by visiting www.mulvanetape.blogspot.com or on Facebook at Mulvane T.A.P.E.

MULVANE HIGH SCHOOL BOOSTER CLUB

Mulvane High School Booster Club supports academic and service activities as well as sports. Some of the activities/events we help with are: Technical/robotics, play/musicals, and scholarship funds.

The Booster Club raises funds with our membership drive, sports dinners, clothing sales and concession stands/gates. The amount of money we raise determines the amount we are able to give in scholarships and to MHS Organizations. In order for MHS Booster Club to continue to be successful, we need your help. Dues are \$10.00, \$25.00, or \$50.00 (depending on the level you join) and they are important, but volunteer support is also needed. Please complete a membership form at the time of enrollment. If you have any questions, please contact an officer.

PARENTS AS TEACHERS PROGRAM

Mulvane Parents as Teachers is a free year-round program open to all USD 263 families with children birth to 3 years old. We also serve families who are expecting children, with our prenatal program. We offer personal home visits, group meetings and play groups, community networking, screenings, and a resource center. We have PAT brochures and monthly calendars available at the public library and in several businesses around town. If you would like more information, please call 777-0151, ext. 744 or contact Debbie White, dwhite@usd263.org

Our district's PAT program serves Mulvane children and their parents, because children are born to learn and parents are their child's best first teachers!

IMMUNIZATION NOTICE

State law requires that all students have proper vaccinations, or they will not be allowed to enter or continue in school. Each student enrolled in the Mulvane Public Schools must file an immunization (KCI) form signed by a physician or local Health Department official. All students entering Mulvane Public Schools must have completed the full series of required immunizations and a health assessment form in order to enroll in school. Students who have not completed the required inoculations may enroll if a physician or local health department certifies that the child has received the most recent appropriate inoculation in the required series. The required series consists of:

- Diphtheria, Tetanus, Pertussis (DTaP): Five doses required. All 7th-10th graders are required to have one dose of DTaP regardless of the interval since the last dose of Td. All 11th & 12th graders are required to have 1 dose of DTaP if there has been more than 10 years from the previous DTaP. This is the improved pertussis immunity due to increasing outbreaks.
- Oral Polio (OPV): Four doses required. The last dose of the OPV inoculations must have been received after the fourth birthday.
- MMR (Measles, Mumps, Rubella): Two doses; state mandate requires student to have a total of two.
- All K-8th grade students are required to have 2 doses of Varicella. All 9th-12th grade students are required to have 1 dose of varicella for school attendance, 2 doses are recommended by the ACIP (Advisory Committee on Immunization Practices). Varicella is not required if child has had chickenpox disease and disease is documented by a physician signature. Without a physician signature, vaccine is required even if you believe your child has had chickenpox disease.
- Hep B (Hepatitis B): Three doses required for children less than 5 years of age in early childhood programs.
- PCV7 (Pneumococcal Conjugate): 4 doses required for children less than 5 years of age in early childhood programs.
- Hep A (Hepatitis A): Two doses required for children less than 5 years of age in early childhood programs.

Medical or religious exemptions are the only legal alternatives allowed by the state and must be filed with the school annually.

Children who are exempt from immunizations will be excluded from school in the event of an outbreak or suspected case of vaccine preventable disease.

Shuttle Fees

The Mulvane School District is one of only two districts in the state that offer a shuttle service. The shuttle fee will continue this school year.

All families that have students that ride the shuttle buses will be required to purchase a shuttle pass for their child or children according to the fee structure illustrated.

Families that have students that ride solely in the morning or afternoon will be able to purchase a bus pass for each child accordingly.

Families with students that ride in both the morning and afternoon will be able to purchase a multi-pass for each child. Families with students that only ride every once in a while will also be able to purchase this pass.

Families that have four or more students that ride the shuttle both morning and afternoon will be able to purchase a one time pass good for the whole family.

Students that are assigned to a route bus and ride the shuttle from the high school to the route buses in the afternoon will not be required to purchase a shuttle pass.

Shuttle fees will be collected at enrollment and each family will be handed their shuttle passes within the first few weeks of school. All fees will be required to be paid by September 1st. Students will be given several free replacement passes upon the loss of a pass, then be charged for passes after those have been lost. Students without a pass will be allowed on the shuttle and parents will be contacted as soon as possible to arrange payment. There will be NO refunds of shuttle fees for any reason.

Mandatory Water Restrictions:

Mulvane residents can water lawns on days depending on your address.

Properties with even addresses: Monday & Thursday

Properties with odd addresses: Tuesday & Friday

Water only from 6:00 a.m. – 9:00 a.m. and 7:00 p.m. – 10:00 p.m.

Lawn Watering Conservation Tips:

Experts estimate that 50 percent of the water we use outdoors goes to waste from evaporation or runoff due to overwatering.

Simple Tips for Saving Water Outdoors:

• **Step on it:** Grass doesn't always need water just because it's hot out. Step on the lawn, and if the grass springs back, then it doesn't need water. An inexpensive soil moisture sensor can also show the amount of moisture at the plant's roots and discourage overwatering.

• **Time it right:** It's best to water lawns and landscapes in the early morning and late evening because significant amounts of water can be lost due to evaporation at other times of day. Check with your local utility to find out what times are best for your region.

• **Tune up your system:** Inspect irrigation systems and check for leaks and broken or clogged sprinkler heads. Fix sprinkler heads that are broken or spraying on the street or driveway.

• **Play zone defense:** Assign areas of your landscape different zones depending on sun/shade exposure, soil and plant types, and type of sprinklers, and then adjust your irrigation system or watering schedule based on those zones.

• **Give your hose a break:** Sweep driveways, sidewalks, and steps rather than hosing them off. And don't forget to check for leaks at your spigot connection and tighten as necessary.

• **Leave it long:** Raise your lawn mower blade. Longer grass promotes deeper root growth, resulting in a more drought resistant lawn, reduced evaporation, and fewer weeds
