

COUNSELOR'S CORNER

W.D. Munson Primary School

Katie Jacobs, School Counselor 777-1051 ext. 1606 kjacobs@usd263.org

Hi Kiddos and Families,

I hope your 2019 is off to a great start! We are excited to be back to school, and see all the exciting things the kiddos are learning!

My focus for classroom guidance this nine weeks is from the Kansas School Counseling Standard: Academic Development. For our preschool – 2nd grade students, academic development focuses on:

- building successful academic habits (organization, effort)
- handling set-backs and challenges (learning new material, practicing skills)
- building a growth mindset (I can't do it ... yet!).

Another way to think of this is helping our students build resilience as explained in the clip [HERE](#). Finally, if you are interested in learning more about Kansas School Counseling standards, please click [HERE](#).

Thanks!

Mrs. Jacobs
