Anti-Bullying Awareness Week October 8 - 14th

Choose Respect

By Joint Resolution the Kansas State Board of Education and the Kansas State Senate have designated the first full week in October as Anti-Bullying Awareness Week. KSDE joins all Kansas schools in observing this week as an opportunity to create awareness and address the harm that bullying creates.

Guidance Lessons

Each week in October, I will spend 25 minutes in your child's classroom co-teaching with your child's teacher on a classroom guidance lesson. This month we will learn more about our PAWS-itive behavior expectations at MPS.

Promote Responsibility
Act with Respect
Work Together
Stop Bullying Behavior

Tool Box Skill

Each week in October, I'll work with classrooms practicing a "tool" for their self regulation tool kit! This month we are working on using our senses to help us practice mindfulness in the classroom.
