Mulvane High School
1900 N. Rock Road
Mulvane, KS 67110

Course Description: *Photo Imaging teaches the technical skills needed to produce quality images for use in a variety of applications. Topics include use of equipment, software and techniques to take, edit and manipulate digital images.*

Learning Outcomes

To successfully complete this course, students must:

- Show up in class, on time!
- Pass course assignments
- Complete assignments by given deadlines
- Cooperate with other students and staff to increase learning potential
- Take and Edit photos successfully using digital cameras and photo editing software
- Take part in class discussions and critiques of photos presented in class.

Academic Foundations:

EACH STUDENT WILL HAVE THE OPPORTUNITY TO: *achieve additional academic knowledge and skills required to pursue the full range of career and postsecondary education opportunities within a career.*

Adapt language for audience, purpose, situation (i.e. diction/structure, style).

Compose focused copy for a variety of written documents (i.e. documents, notes, oral presentations reports).

Demonstrate knowledge of basic arithmetic operations such as addition, subtraction, multiplication and division.

Analyze data when interpreting operational documents.

Communications:

EACH STUDENT WILL HAVE THE OPPORTUNITY TO: *Use oral and written communication skills in creating, expressing and interpreting information and ideas including technical terminology and information.*

Deliver an oral presentation to provide information for specific purposes and audiences.

Compose multi—paragraph documents clearly, succinctly, and accurately (i.e. correct grammar, spelling, punctuation and capitalization).

Reference the sources of information.

Communicate effectively with others to foster positive relationships.

Interpret information, data and observations to apply information learned from reading to actual practice.

Problem Solving:

EACH STUDENT WILL HAVE THE OPPORTUNITY TO: *Solve problems using creativity, innovation and critical thinking skills (analyze, synthesize, and evaluate) independently and in teams.*

Analyze elements of a problem to determine solutions (including how to think creatively).

Safety, Health and Environmental:

EACH STUDENT WILL HAVE THE OPPORTUNITY TO: *Understand the importance of health, safety, and environmental management systems and follow organizational policies and procedures and contribute to continuous improvement in performance and compliance.*

Demonstrate safe work habits and procedures (i.e. personal habits, around electricity, storage of equipment).

Follow operation manuals for all equipment and tools to maintain safe workplace for self and others.

Leadership and Teamwork:

EACH STUDENT WILL HAVE THE OPPORTUNITY TO: *Use leadership and teamwork skills in collaborating with others to accomplish organizational goals and objectives.*

Exhibit leadership skills (i.e. management of resources, listening to others, respect, supporting others).

Work with others to achieve objectives in a timely manner (i.e. follow direction, take responsibility, respect for others and cooperation).

Ethics and Legal Responsibilities

EACH STUDENT WILL HAVE THE OPPORTUNITY TO: *Know and understand the importance of professional ethics and legal responsibilities.*

Follow code of ethics for the Arts, AV and Communications field in all projects, decisions and actions.

Employability and Career Development

EACH STUDENT WILL HAVE THE OPPORTUNITY TO: *Know and understand the importance of employability skills, effectively manage careers and the importance of entrepreneurship skills.*

Create a record of work experiences, certifications and products.

Model behaviors of a good employee (i.e. reliability, dependability, professionalism).

Technical Skills

EACH STUDENT WILL HAVE THE OPPORTUNITY TO: *Use the technical knowledge and skills required to pursue the targeted career, including knowledge of design, operation, and maintenance of technological systems critical to the career.*

Experience all aspects of the photographic production industry.

Grading Scale:

100 – 90 = A

89-80 = B

79 – 70 = C

69-60 = D

59 – 0 = F
