

Google Meet (Hangouts)

Date: 04/03/2020

What is it?

- Google Meet is an app that can be used for virtual meetings.
 - Is already included in your Google Apps
 - Can be used as a way for your teacher to hold class with all of the students being able to see and participate with other members in the class.
 - Also has a chat feature that you can use to message the teacher and other students in class

How do you access it?

- To join or start a meeting just click on the prompt
 - Your teacher will send you an invitation for the meeting or a code to be used for the meeting.
